

Washington County

Job Description

Title:	Building Inspector		
Division:	Building Inspection	Effective Date:	10/16
Department:	Community Development	Last Revised:	01/20
Career Service:	Eligible	FLSA:	Eligible

GENERAL PURPOSE

Performs a variety of **full performance, para-professional, and technical duties** as needed to assure compliance with county, state and/or federal uniform building, electrical, plumbing, mechanical codes and ordinances. Performs inspections on residential, commercial, and industrial buildings.

SUPERVISION RECEIVED

Works under the general supervision of the Community Development Director and direct supervision of the County Building Official.

SUPERVISION EXERCISED

None.

ESSENTIAL FUNCTIONS

Serves as a resource to contractors on matters relating to code requirements and construction techniques and practices; researches and examines building plans for compliance with current adopted building codes and standards as to construction, building type, occupancy, and location on lot; verifies plans to conform to County ordinances; makes corrections for errors on building plans and construction documents; discusses and explains ordinances and codes to concerned home owners and contractors; assumes authority and responsibility for plan corrections as to conformance to County ordinances and building codes.

Conducts pre-project processes and may coordinate the preparation of various drafts of project documents and specifications; advises architects, engineers, contractors, and owners on code and design requirements.

Performs as a lead inspector on assigned projects; conducts more complex and comprehensive inspections; visits building sites or existing buildings to perform inspections including zoning, setback, footing, foundation, frame, wiring, plumbing, and heating to assure compliance to building codes and ordinances.

Participates in the development and implementation of division policies, practices and procedures related to building, plumbing, heating, electrical, zoning, and related codes; performs various administrative duties in connection with condemnations, owner/contractor disputes, licensing violations, etc.

Visits building sites or existing buildings to perform inspections including zoning, setbacks, footing, foundation, frame, wiring, plumbing, and heating to assure compliance to building codes and ordinances; conducts condemnation proceedings on unsafe structures.

Interprets regulations and codes to builder and property owners to assist them in altering construction plans to meet established standards.

Investigates alleged code violations; determines whether a violation exists; informs building owner/worker of violations in building construction; serves correction notices, stop work notices as needed; works closely with County Attorney in insuring compliance with the law and observance of safety regulations;; prepares certification of the inspection; serves public nuisance notices; follows through on abatement of particular houses; examines burned buildings upon request to determine structural safety for occupancy or reuse.

Maintains files on buildings under construction, inspection reports, work notices, soil and concrete tests, etc.; researches into particular problems; suggests solutions; follows up on written agreements between the County and building owners, developers, contractors, etc.

Discusses proposed changes in ordinances and County codes with supervisors; receives correct interpretation and passes the same onto the public as the occasion arises; provides solicited input

regarding County code changes; reviews and studies building and land use codes to stay abreast of changes.

Plans Examiner: Receives and examines building plans for compliance with current adopted building codes and standards as to construction, building type, occupancy, and location of lot; verifies plans to conform to County ordinances.

Performs other related duties as required.
